**Organic Original Company** was established in 2011 and is the pioneer of organic market in Ukraine. The company products are well known in Ukraine under **Ecorod brand** which is widely represented in all Ukrainian natural-food stores and in major retail chains – Auchan, Metro, Billa and others.

Organic watermelons we produce seasonally from August to September. The range of organic corn puffs, groats, flours, sunflower oil we manufacture all year round.

We are able to harvest up to 1000 tonnes of watermelons per season. Capacity of producing corn puffs – up to 200 000 packs per month, processed cereals up to 150 ton monthly.

Our products have also gained attention in Europe after Eco-rod cold-pressed sunflower oil was awarded as the Best Organic Product in Eastern Europe at the Organic Marketing Forum in Warsaw in 2013.

We exported to Germany, Lithuania, Moldova, USA.

Ecorod passed organic certification under USA standards. This allow us to mark our products with USDA organic seal and to sell them across United States.
