

Leader of subcontracting in West Ukraine

WHERE WE ARE

- We are in an advantageous location in Transcarpathian region:
 - 30 km to Hungary;
 - 50 km to Slovakia;
 - 60 km to Romania;
 - 110 km to Poland.
- Population in Mukachevo – 90 000
- Presence industries: OEM, electronic, textile and sewing industry, wood industry.
 - The biggest companies in the region – Tochprilad, Fischer, IKEA, Flex, Yazaki, Jabil, Forschner

Partnership assessment – business reference

Our partnership with Tochprilad in Mukachevo started about 10 years ago. We were looking for a subcontractor with reasonable competence in assembly activities, in a country with lower wage level.

We found this company as a good opportunity, being near to the Hungarian-Ukrainian boarder which is not only a logistic advantage, but we expected some better communication due to the fact that some Hungarian-speaking employees were available there.

We have been using Tochprilad for various manufacturing activities as a subcontractor partner for the past 10 years and we have always been satisfied with their performance. They do an excellent job, are always flexible, adjusting themselves considering the from time to time changig customer demand. They are good at handling bigger variety of products and they offer competitive contractual fees for their services.

They have wide range of expertise and experience with very different projects what helps them to look on problems with different aspects than those who are dealing only with a certain type of manufacturing.

When it comes to handling pressure situations, Tochprilad has always proven their deftness in managing tough situations, so it's more than easy to co-operate with their staff.

We highly appreciate their efforts to support our success in business and they have our highest recommendation to be a business partner for any kind of activities.

Partnership assessment - business reference

Our partnership with Tochprilad in Mukachevo started about 3 years ago. We were looking for a subcontractor with reasonable competence in assembly activities, in a country with lower wage level.

We found this company as a good opportunity, being near to the Czech-Ukrainian boarder which is not only a logistic advantage, but we expected some better communication due to the fact that some Czech and English-speaking employees were available there.

We have been using Tochprilad for various manufacturing activities as a subcontractor partner for the past 3 years and we have always been satisfied with their performance. They do an excellent job, are always flexible, adjusting themselves considering the from time to time changing customer demand. They are good at handling bigger variety of products and they offer competitive contractual fees for their services.

They have wide range of expertise and experience with very different products what helps them to look on problems with different aspects than those who are dealing only with a certain type of manufacturing.

When it comes to handling pressure situations, Tochprilad has always proven their deftness in managing tough situations, so it's more than easy to co-operate with their staff.

We highly appreciate their efforts to support our success in business and they have our highest recommendation to be a business partner for any kind of activities.

Our partners:

End customers:

Why Tochprilad:

1. Location

The company is located in the city of Mukachevo. The international highway M06 passes across the city towards the European highway M3. It takes no more than 1 hour by car or truck to get from Tochprilad to the main border crossings:

Slovakia, Vyšné Nemecké - Uzhorod crossing point - 49 km;
Hungary, Zahony - Chop crossing point - 50 km;
Romania, Halmeu - Dyakovo crossing point - 75 km;
Poland, Krościenko – Smolnica crossing point - 190 km.

The nearest customs clearance post is at a distance of 48 km from the production site.

Tochprilad is ready to take on the tasks from the component supplier's warehouse to the finished products warehouse of your company. We will collect components, deliver them to our warehouse, process and transfer them to the next production stage. Your budget will be significantly improved by this optimization.

2. Infrastructure

The company has three local production sites with located there production premises with a total area of 36 800 sq.m (from 50 to 10 000 sq.m). The premises can be transformed for the specific tasks. Warehousing capacities (about 1 200 sq.m) are able to assure fast movement of cargo and its safe handling and storage.

The territory and production rooms have 24-hour security and are equipped with firefighting systems.

The production facilities meet all the requirements of regulatory technical documentation, sanitary regulations and rules of occupational safety, which is confirmed by repeated compliance audits. Lighting, ventilation, dust extraction and climate control systems as well as sufficient power supply ensure compliance with engineering requirements. Own factory maintenance division provides professional technical support for equipment and power supply systems.

Why Tochprilad:

Company export-import department provides prompt and high-quality customs support of the goods. Tochprilad is able to perform a full range of transport and logistic tasks.

Cooperating with Tochprilad, you needn't bear the costs and concern with management of the processes associated with maintenance of production buildings and engineering structures so that you can focus solely on implementation of your direct business tasks.

3. Staff

We are proud of our highly qualified engineering staff. All the managers involved in the projects have industry-specific education and deep knowledge of foreign languages with a technical bias (advanced level minimum).

Excellent knowledge of engineering rules and regulations, unfailing implementation of the requirements of relevant quality documents in combination with solid management skills can ensure fulfillment of any task within the designed scope and deadlines.

Our HR department is able to provide projects with the necessary number of direct workers in strict accordance with qualification requirements.

The open statistics sources report that the minimum wage of personnel in the EU is about 500-600 EUR. At the same time, in western Ukraine this figure is around 310 EUR. Consequently, the project engages high-skill personnel with lower salary requirements.

4. Partnership History

Founded more than 50 years ago, Tochprilad has been working in the field of subcontracting as a contract manufacturer (CM) for over 24 years.

During this time, about a dozen companies have established partnerships with Tochprilad and thus optimized their production processes. LEAR Corporation, ZF Automotive Systems, TDK Corporation still promote us by expanding their projects with our capacities.

The history of projects implementation at Tochprilad permits a conclusion about its reliability and integrity. The currently running projects serve as a group indicator of stable and rapid development of the company.

5. Quality

Quality Management System of PrJSC "Tochprilad" is certified in accordance with ISO 9001: 2015 for manufacturing of aircraft equipment, automotive loudspeakers, wire harnesses for automotive, transformers, LED lamps and lighting equipment. The company certification was conducted by BUREAU VERITAS in 2018. The audit in May 2018 confirmed the compliance.

Multiple audits carried out by representatives of end customers of our products, including those in 2019-2020 (Jaguar Land Rover Automotive PLC - November 5-6, 2019; Fiat Chrysler Automobiles NV - January 21-22, 2020; Iveco - February 5, 2020) leave no doubt about effectiveness of the current system and competence of its participants.

Upon signing the contract, Tochprilad assumes all the commitments and expenses related to maintaining PPM standards (IPPM), recruiting and training personnel, quality services and end customer audits and this will certainly benefit the budget of your company.

The cost advantage and efficiency of our cooperation will surely meet your expectations !

To grow together

TOCHPRILAD
MUKACHEVO

Get advantage cooperating with us!
