- Iukuridze Family Reserve is a unique collection of high-quality still wines, which is classified as Fine Wines. Wines for collection were personally selected by the members of Iukuridze Family – the owners of «Shabo» company – for a unique project in Ukraine – Family Reserve cellar.
- For creation of Iukuridze Family Reserve wines we use selected French grapes from the finest micro-plots of unique Shabo terroir. Grapes are harvested by hand at the break of the day, when the air temperature is relatively low, carefully placed into the boxes (up to 12 kg per container) and loaded into refrigerated trucks with the temperature between +8 °C and +10 °C. Fifteen minutes later, the grapes are already at the Fine wine department where they pass 3 stages selection with gravity transferred into the tanks. After that the vinification in high-tech French oak barrels with controlled fermentation temperature is going with aging for at least 9 months for white wines and 12 months for red wines in French oak casks. The wine also goes further aging in the bottle. The potential of aging for red wines is at least 5 years, for white wines – at least 3 years.
- All stages of production are controlled by international experts of SARL «Derenoncourt».
- Wines of the collection «Family Reserve» are intended only for members of the exclusive closed club of connoisseurs of noble drinks Shabo forlayind wines for aging in the enotec and these are not sold in the market.
