

TASTE OF HEALTHY
LIFE

TM "TERRA" produces natural
and healthy products according
to the quality standards

ABOUT COMPANY

«TERRA» LLC was established in **1998**

Our company, «TERRA» LLC processes grains, legumes, crops and on their basis, produces cereals, flakes, granola, cereals with natural fruit and vegetable additives, as well as instant soups, garnishes, puree which do not require cooking.

YEARS OF SUCCESSFUL
WORK IN THE UKRAINIAN
MARKET

FROM THE FIRST
DAY WE WORK

RELIABLE
PARTNER

OUR VALUES

More than 20 years ago we decided that our business will be based on three foundations: perfect quality, care for healthy food and environmentally friendly production

The company has a quality and food safety management system ISO 9001, FSSC 22000
In the production of products are used the most modern German, French, South Korean and Italian equipment, unique developments of Ukrainian engineers, high-quality natural raw materials and ingredients, safe and environmentally friendly packaging materials, bioenergy and so on.

QUALITY

Product quality can be reached by the professional staff and the multistage control system on all the production cycles - from the acceptance of the raw materials to the finished products shipment.

Our own certified laboratory.

All raw materials and ingredients undergo a re-examination for the criteria of safety and microbiological indicators.

In the production process there are 5 steps of the raw materials clearance which completely excludes foreign materials and particles in the products.

Every batch of the products undergoes additional control for conformity to international quality standards.

Finished products are stored in warehouse complexes which are equipped with modern racking systems and meet all HACCP quality system requirements.

OUR MAIN MESSAGE

100% NATURAL PRODUCT

Terra's fundamental refusal to add synthetic preservatives, dyes and flavors during production is in line with the principles of healthy eating.

- **Procurement of raw materials and ingredients** is carried out exclusively from the certified and approved suppliers.
- **All suppliers undergo strict control** for compliance with the HACCP requirements and sanitary norms.
- **Ingredients of exclusively natural origin** are used as additives and flavor enhancers in the products.
- **The range of products includes an organic line.** In 2018, as an individual project, the company created its own organic greenhouse.

ABOUT COMPANY
